THE ART OF SPOOK SHOWS

The Spook Show, initially called Ghost Shows, has been going on for about a hundred years, and though its popularity has faded among general audiences, its ability to thrill and entertain those of us that seek to surround ourselves with oddities and the macabre is just as strong as ever.

The Spook Show, for us, is not merely something we dabble in from time to time, but it's a lifestyle that consumes us. Elements that are incorporated into the Spook Show intrigue us because they are out of the ordinary. There is a lot of history that goes along with the costumes and props that are associated with the Spook Shows.

Halloween Club is proud to host an in-store panel and presentation from real-life spook show ghostmasters, David Lucarelli and Robert Reynoso. Join us in learning more about the art starting at 4:30pm inside the warehouse.
